

FOOD GRADE GEARBOX OIL

APPLICATIONS:

ISO GRADES 150, 220, 320 and 460. Particularly suited for the lubrication of drive chains, conveyor chains, gearboxes and reduction units. Contains special additives to extend re-lubrication intervals.

- High lubricity, allows less frequent changes
- Leaves gears free of damaging deposits
- Fully synthetic
- Compatible, economical
- Clean to use, no carbon build up
- Temperature range: -30°C to +280°C

PRODUCT CODE	PACKAGE SIZE	ISO GRADE	PRICE
Food Grade Gearbox Oil			
DLA571FG	5 Litres	150	£74.75
DLA571FG	25 Litre Container	150	£287.50
DLA572FG	5 Litres	220	£80.50
DLA572FG	25 Litre Container	220	£299.00

DLA573FG	25 Litre Container	320	£299.00
DLA574FG	5 Litres	460	£82.80
DLA574FG	25 Litre Container	460	£304.75

FOOD GRADE CHAIN & GEAR OIL ISO GRADE 220

APPLICATIONS:

A fully synthetic Food Grade Oil with characteristics that make it particularly suited for the lubrication of drive chains, conveyor chains, gearboxes and reduction units that are designed for an ISO 220 grade oil. Special additives help extend relubrication intervals considerably.

- Clean to use. No carbon build up
- High lubricity. Allows less frequent changes
- Leaves gears free of damaging deposits
- Fully synthetic, compatible, economical
- Temperature range: -30°C to +260°C
- NSF (H1) registered

Food Grade Chain & Gear Oil			
DLA570FG	5 Litres	200	£59.80
DLA570FG	25 Litres	200	£285.20

FOOD GRADE HYDRAULIC OIL GRADES 32, 46, & 68

This range of Food Grade, non-toxic hydraulic oil has been developed for systems used in food, drink and pharmaceutical processing and packaging equipment.

APPLICATIONS:

It is also suitable for other hydraulic systems where a clean, non-staining hydraulic oil is desired.

- NSF (H1) registered
- Clean, non-staining
- Low co-efficient of friction provides excellent lubrication and reduces wear
- Synthetic oil provides wide temperature stability & ensures extended service intervals (-20°C to +150°C)
- Low foaming & reduces scum build up, which extends maintenance intervals

PRODUCT CODE	PACKAGE SIZE	ISO GRADE	PRICE
Food Grade Hydraulic Oil			
DLA575FG	25 Litre Container	32	£262.50
DLA576FG	25 Litre Container	46	£262.50
DLA577FG	25 Litre Container	68	£262.50

FOOD GRADE ASSEMBLY / ANTI-SEIZE COMPOUND

APPLICATIONS:

A white, non-toxic grease like compound with a high solid lubricant content, designed for use as an assembly lubricant for bushes, sliding surfaces, small open plastic or metal gears, as well as an anti-seize compound for threaded fasteners.

- High technology, economical, clean lubricant
- Excellent protection against "start up" and premature wear
- Non-toxic, water resistant, extends re-lubrication intervals
- Prevents seizure of threaded components, enabling easy and quick dismantling
